**A FOUL MURDER.**  
**A Young Foreigner Shot and Killed  
Near Grass Valley.**

GRASS VALLEY, June 29th.—This morning, at 10 o'clock, Joseph Kneebone, Jr., was shot dead and his body robbed near his father's house, thirteen miles west from here and three miles from Spenceville. He had been freighting from Marysville to Sierra City for W. T. Ellis of Marysville, and was returning home to Sierra City on his wagon. The wagon and horses were found driven out of the road into a pile of rocks. The dead body had been dragged into the brush and the pockets out open and the shoes taken off. A bullet had been shot clear through his breast. How much money he had is not known. The Sheriff has gone to investigate.

Joseph Kneebone, senior, the deceased's father, has had a great deal of trouble in the last few years about land boundaries, and several times his fences and stacks have been burned by incendiaries. The murder may be part of that trouble, but the young man was not concerned in these troubles.

**INDORSED BY ARTHUR.**

Gen. Harrison Unquestionably the Friend of all Organized Labor.

CLEVELAND, O., June 27.—In an interview to-day Chief Arthur of the Brotherhood of Locomotive Engineers declared that Gen. Harrison should not now be criticised for his votes on the Chinese issue, as many other public men now regarded as friendly to labor had stood with the Republican nominee at that time.

"Gen. Harrison has nothing in his record that should prevent any Republican workingman from voting for him," said Mr. Arthur. "I regard his nomination as a strong one, and know his friendly attitude toward organized labor. Some time ago I went to Indianapolis to straighten out a difficulty between our men and one of the local roads, and it was principally through the good offices of Gen. Harrison that a strike was prevented and matters were adjusted."

**Senator Stewart's Estimate of Harrison.**

Senator Stewart has been looking up Harrison's record and feels well satisfied with his position on all questions affecting the Pacific Coast. He also says General Harrison is one of the people of the Great West and is in favor of both gold and silver and will most heartily endorse the Republican platform, and, if elected, will sign any bill for the remonetization of silver which Congress shall pass. He belongs to no clique, no trust, no combination, but is a representative of the people. He is too honest, proud, self-reliant and self-respecting to become a party to any scheme detrimental to the interests of the masses. If he is elected President he will be President of all the people, and California will have the same interest in him that New York has. The ticket is admirable and will grow stronger every day until election. It is a ticket in the interest of the American people, American industry and American labor. The Cobden Club will be no part of the Government if General Harrison is elected. His strongest opponents are English representatives of English interests. They will contribute largely both in publications and in money raised in England to promote English interests in America, but the laboring people are more intelligent than they were thirty years ago. They understand the question, which is whether the laborers of the United States have the right to supply the markets of the country with commodities produced by our people, or whether our markets shall be surrendered to foreigners and the laborers of this country deprived of employment and the means of making a living.

When the Democracy has a candidate with a record on the Chinese question like Cleveland's, they had better go a little slow in stirring up that issue. Mr. Cleveland has killed off every Chinese Immigration bill that has been introduced since his term began, and he has not hesitated to threaten a veto to do it.

OUT ON THE DEEP.

General Sheridan Successfully Removed From His Home.

WASHINGTON, June 30th.—General Sheridan was removed from his home to the Swatara about 11 o'clock this morning.

The Swatara sailed at 1:15 P. M. General Sheridan was safely aboard about noon. His transfer from the house to the vessel occupied an hour. It was accomplished without the slightest obstacle or delay.

The General rested well last night. He bore the removal excellently, and when the vessel steamed slowly away was in at least as good a condition as before leaving home. A small crowd had gathered in front of the house to catch a glimpse of the old man. When a Red Cross ambulance drove up at the door a few minutes later, General Sheridan was placed on a low cot, with handles on either side, like a stretcher, and brought down stairs from his bedroom in a second by five of his orderlies and placed in the ambulance.

Doctors O'Reilly and Matthews, and his brother, Colonel Sheridan, entered the ambulance and accompanied him to the vessel. Mrs. Sheridan, with Colonel Kellogg, Mrs. Lydecker and the two nurses, entered carriages and followed the ambulance.

The General was placed in the ambulance on a cot, feet foremost on the way down. The General conversed freely with his attendants, frequently asked the condition of the weather and the prospects of its changing, how far it was to the Navy yard and how soon they would leave after arriving there.

He appeared to be cheerful, and did not seem fatigued from the ride. When the ambulance arrived at the dock, six sailors lifted the cot out of the ambulance and carried it over the starboard side of the vessel.

The General was then carried into the Captain's cabin, which is situated on spar deck, and put in his swinging cot.

At 1 o'clock Captain McGowan took the bridge and gave the necessary order for getting under way, and at 1:15 o'clock, as the tide was at its highest point, the hawsers were cast loose and the ship swung off her dock amid the waving of hats from the Captain, Doctors O'Reilly and Matthews, who stood on the deck.

The ship was assisted out into the Potomac by the yard tug Rescue, when she was cast loose and proceeded slowly down the river on her way to Nonquit.

**Honors to Blaine.**

There is a movement on foot to give Blaine the most stupendous reception ever given to any American upon his return from Europe. The programme contemplates the running of excursions on trains from all parts of the country to New York. A steamer will meet him, and a procession of Harrison and Morton clubs will conduct him home. A grand reception will be held at the Union Hotel. According to the present arrangements, Blaine will remain in New York two days, and will then go to Augusta to remain about two weeks. At the expiration of that time he is to make his opening speech at Augusta. He will then go to New York, Philadelphia, Pittsburg and Chicago. Tours are being arranged from the latter city through the northwestern States to Portland, Oregon, and afterwards to San Francisco. He will return east through Colorado, Kansas, Nebraska, Iowa, Indiana and Ohio.

**Chinese Restrictive Legislation.**

WASHINGTON, June 30th.—Representatives Belmont and Morrow having agreed upon a Chinese Restriction bill in accordance with the new treaty, are now preparing to push their measure through both branches of Congress before the present session comes to an end. Morrow expects little opposition, believing that both parties now realize the necessity of passing a bill which will put an end to the immigration of the Chinese.

**The Last Hope of Maxwell.**

JEFFERSON, Mo., June 30.—Messrs. Martin and Fauntleroy, Maxwell's attorneys, have arrived from St. Louis to request Governor Morehouse to grant Maxwell a respite for thirty days, and have submitted a few letters from prominent men throughout the State in support of the request. The Governor has taken the matter under advisement, but refused to say what his action in the matter would be.

Academy Hall at Mt. St. Mary's convent was crowded last evening by friends and patrons of the school to listen to the closing exercises.

Constable Upson, upon receipt of a dispatch from Virginia City, Sunday arrested Frank Brockstead, who is wanted on the Comstock for embezzlement.

Justice Young yesterday sentenced J. Moran to pay a fine of \$10, and John McGrath to ten days imprisonment in the county jail for disturbing the peace.

The United Guard of Virginia City will christen their new regulation uniform by appearing in it for the first time in the Fourth of July parade in that city.

Al. White has secured a new lease of the ground on which the Palace Hotel stands from the Luke estate, for the term of ten years, paying \$150 per month therefor.

J. A. Ziegler has removed his furniture store to Mrs. Fairchild's brick building, on the corner of Commercial Row and Sierra street. Call and see him at his new quarters.

Fires are occurring all around us. First at Sierraville, then at Winnemucca and last at Truckee. Let Reno have a care that she does not participate in this expensive luxury.

A great many bets are being made on the election at different parts of the Coast. Better not put your money in a third party's hands to hold so long. He may think it is his before all the returns are in.

A patient from Eureka named Jones was released from the State Asylum for the Insane Sunday it being understood that he would at once proceed to Michigan where he has a brother who is willing to provide for him.

Gordon Rice is the happy father of a 10-pound son, presented to him by his wife in Virginia City last Saturday. If the youngster is as spry as his father and grandfather, his mother will have a hard time to keep track of him.

As it is the intention of the Carson Guard to escort the Storey county Old Fellows through the streets of Carson on the Fourth, the Tribune suggests to the business men that they decorate their stores with flags, bunting, etc.

It is noticeable in the management of a newspaper that those who give the least support to the home paper are the ones that do the most kicking, and that too, without cause. They will borrow a neighbor's paper and then complain because an article is not "written up" as they should have liked it.

DRATH OF U. S. MARSHAL KELLY.—U. S. District Attorney Hayden this morning received a dispatch from Virginia City announcing the sudden death of U. S. Marshal Thomas Kelly. Mr. Kelly has made a good and faithful officer, and the U. S. Government will have difficulty in filling his place.

On the petition requesting the Board to close the highway from the Virginia road to the old fair ground, together with the remonstrance against such action, definite action was deferred until next regular meeting.

A petition signed by citizens residing in the north end of the county praying for the formation of a new school district, to be known as Sheephead District, was presented and laid over for further consideration.

Complaint under oath having been presented to the Board charging certain parties residing in western addition with maintaining disease-breeding cesspools upon their premises, whereby the lives of the inhabitants of the immediate neighborhood are greatly endangered. It was ordered that the District Attorney proceed at once to make an investigation, and to commence legal proceedings in the name of the State to abate all such nuisances, if any there be.

THE SOUTHERN PACIFIC.—The Southern Pacific is doing everything in its power to facilitate the speedy dispatch of fruit East. The Sacramento fruit depot is being made larger for the better handling of the fruit. The Southern Pacific has also promised that it will send out more than one fruit train daily, and that an average speed of forty miles an hour will be maintained by these trains. J. A. Fillmore says that the excursion travel will be heavier than ever this year. From the way that things look at present he expects that there will be a very heavy travel toward Sacramento. The Monterey and Santa Cruz divisions are also expecting a heavy travel, and have applied to Superintendent Fillmore for extra coaches which, however, they will not be able to get owing to their being wanted on the other divisions.

BE CAREFUL TO-MORROW.—As a great many will leave Reno to spend the Fourth in Carson or Virginia to-morrow, the town will look deserted. Each one who remains at home should appoint himself a guardian to look after the property of those enjoying themselves away. Everyone should be careful of fire from fire-crackers and fire-works. Reno cannot afford to be burned out again.

At McKisick's Opera House, Friday and Saturday, July 6th and 7th.

Manager Piper has indeed secured a treat for Reno theater goers in the person of Mrs. D. P. Bowers, the wonderful actress supported by E. J. Buckley and her own company. On Friday evening she will produce "Queen Elizabeth" at Saturday matinee, "Old Love Letters" and "Lucretia Borgia", and on Saturday evening "Lady Audley's Secret." The company the New Orleans Poyanne says:

There was a large audience at the Academy last night, and the entertainment was a return to the better days of the drama—which should refine and instruct as well as amuse—a revival that was doubly welcome and should be appreciated after the long siege of trashy stuff that has occupied that theatre this season.

The part of Elizabeth is to a tragedienne what Richelieu is to a tragic actor. It is a great part; but it must be well played. New Orleans has seen all the tragic queens in the role, such as Ristori, Cushman, Jannaschek, Lander and lesser lights. They have had their day and there are no rising actresses to take their places. Mrs. Bowers, as great as any of these in this part, keeps her own place, and she owes it to the theatre going public to act that the world may continue to see great acting of this class. It may be old style, but it is the best style. There are scores of actresses, much praised, who secure gorgeous wardrobes and walk from their parlors to the stage, and appear in modern costumes, and think they act. Mrs. D. P. Bowers is every inch a queen. She walks, looks, and acts like one, and her Elizabeth is a marvelous performance, better than it ever was when she was considered great. She is in the full vigor of womanhood, and does not appear to have aged since she was here last some years ago, so kindly has time dealt with her. In her acting she is the true artist, and managed finely the great scenes, playing the woman who loves, who is even jealous, but always the queen. Mrs. Bowers is finely supported.

THE FIRE AT TRUCKEE.—The fire broke out at 3 o'clock Saturday morning near the Republican office. The flames speedily enveloped Graziar & Stoll's brewery, Cook's blacksmith shop and residence, the Republican office and Washoe engine-house, all being totally consumed. A fierce battle prevented the flames from sweeping front street and the business part of the town. The losses are as follows: Graziar & Stoll, brewery, \$8,000, insured for \$4,000 in the Girard, Fireman's and Continental; E. A. Keiser, printing office and contents, \$3,000, insured for \$2,000 in the Sun; A. C. Cooke, blacksmith shop and residence, \$3,000, insured in the Phoenix of London for \$1,100; engine-house, value \$1,000, no insurance; James W. Bigham's residence, damaged \$200, fully insured. The fire spread so rapidly that little property was saved. H. A. Mason, publisher of the Republican will issued the paper Saturday from a job press. All parties will rebuild as soon as possible.

I. O. O. F. PICNIC.—The Odd Fellows of Storey county will undoubtedly have the largest picnic on the Fourth of July ever held in Carson. They are sparing neither means nor money to make it a grand success, and will be joined by the various other Lodges in the western part of the State. The Reno Odd Fellows will go from here, taking several car-loads. All those from Reno who intend to attend should remember that the picnic train will leave to-morrow morning at 7:10 o'clock sharp. The fare for the round trip will be \$1 50.

Emerging Weakness.

To millions, pleasing their palates and cleansing their systems, arousing their Livers, Kidneys, Stomachs, and bowels to a healthy activity. Such is the mission of the famous California liquid fruit remedy, Syrup of Figs. Sold by Wm Pinniger, Reno.

An Explanation.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word malaria was comparatively unknown,—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and malaria are intended to cover what our grandfathers called biliousness, and all are caused by troubles that arise from a diseased condition of the liver which, in performing its functions, finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Biliousness, Etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-aw f-17

The Enterprise, of Sunday, says:

It is rather awkward, remarks the Silver State, for delegates to the Republican State Convention, held at Winnemucca, who applauded Haines' speech against immigration and approved a resolution to repeal the naturalization laws, to be now expected to hurrah for Harrison, who favors the naturalization of Chinamen.—Chronicle.

It is not at all awkward; on the contrary, it is just what the delegates to the Winnemucca Convention enjoy. General Harrison is an extreme protectionist, and he suits every Republican in Nevada. His past record is understood; the foolish misstatements regarding his attitude on the Chinese question fell flat, as it was known by the public he would not receive the support of men who are now his warmest adherents did they not know that he is thorough on these questions.

The following telegram received yesterday from Senators Jones and Stewart explains itself:

WASHINGTON, June 30.

J. A. Stephens and L. P. Wardle:—Harrison was a member of Foreign Relations Committee which unanimously reported Morrow bill introduced by Fair in Senate, which passed Senate June 1, 1890, Harrison being present and favoring bill. This bill was all Pacific Coast asked and was satisfactory. It was referred in House to Committee on Foreign Relations and never reported. Harrison is in favor of absolute exclusion of Chinese. His position on the silver question is entirely satisfactory. No nomination could have been made more favorable to the Pacific Coast or satisfactory to entire Republican party of the nation.

JOHN P. JONES, WM. M. STEWART.

The bill referred to is the one of which an account has already been given. The Foreign Relations Committee of the House had Perry Belmont as Chairman, and he, at the instance of the State Department, smothered the bill. It was smothered because the President said it would interfere with the conclusion of a treaty that was then in negotiation. This treaty is the one of which so much complaint is now made. Truly, the Chinese question is an excellent supply of partisan ammunition, but it begins to look as though it was working the wrong way at a rapid pace. Mr. Cleveland, through the injudicious efforts of his friends, has been shown to be the best friend the Chinese have, and General Harrison, through ventilation of the subject, has been shown to be not a lukewarm opponent of Chinese immigration, but a partisan in the cause of restriction.

I suffered with catarrh for many years and got so deaf that I went about my Museums, Circus and Theatre giving directions and doing business with a big ear-trumpet at the side of my head. It was very annoying to me and amusing to those who saw me. By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged. At this time I began using Chalmer's English Catarrh Cure. In three months I felt a new man, in six months my hearing returned. I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent. But a year and more has now passed, and I can now heartily indorse Chalmer's English Catarrh Cure for the cure of catarrh and deafness.

PLATFORM AND SOLUTIONS.

The Republicans of the State of Nevada in convention assembled again express their loyalty to the principles of the Republican party, which have made the country so great and prosperous during the last quarter of a century.

Resolved, That the question of a sufficient supply of a circulating medium to maintain a permanent range of the price of labor and property is the most important political question awaiting solution by the American people.

Resolved, That a diminishing quantity of money reduces the price of labor and property, increases the obligation of contract, enriches the creditor, impoverishes the debtor, and paralyzes industry and enterprise.

Resolved, That the present financial system of the United States, which increases or diminishes the circulating medium at the pleasure of the manipulators of the National banks, without regard to the increase of population or the wants of the people, and which recognizes gold alone as the standard of value, and places in the hands of the Treasury Department all the revenue of the Government to speculate with in bonds and loan to National banks without interest, is subversive of the rights of the people, oppressive, unjust, and should be repudiated.

Resolved, That a financial policy whereby both gold and silver shall form the basis of circulation, whether the money used by the people be coin, or in certificates redeemable in coin, or both, as convenience may require, is imperatively demanded.

Resolved, That the attempt to substitute National bank notes, costing the Government millions of dollars annually, for free silver, costing nothing, is an outrage upon the people, and that this money ring or trust, which has usurped the sovereign power of the Government to issue money, and which has fraudulently demonstrated silver and seized the revenues of the Government for private speculation, shocks the moral sense of the people and demands that this for Government and law. We demand that this ring or trust be destroyed and equal rights restored to all people.

Resolved, That we charge that President Cleveland is the willing tool or agent of a powerful money ring which fattens the subsidies of the Government, makes war on silver, issues the paper currency at the expense of the Government, and uses them without the payment of interest, contracts the currency to enhance the value of bonds, and enriches the usurers while it depresses the price of labor and property.

Resolved, That we favor the nomination of no man for President who is personally interested in National banks or the bonded indebtedness of the United States, but we demand a candidate who is free to do justice to all the people of the country the poor as well as the rich.

Resolved, That the trickery of the President and his advisers by which they present in the House of Representatives the Bond purchasing bill, to disguise the true character of the bill, and to prevent the people from seeing the true character of the bill, is a gross violation of the duty of the President and his advisers, and should be repudiated.

Resolved, That we are in favor of the protection of home industry, and that the laborers of this country have a right to all the work required to supply the people of the United States, and that we are in favor of high wages in this country, and to that end will protect the workmen's competition with the cheap labor of other lands.

Resolved, That the policy of the Government should be inaugurated and established by the people through their representatives in both houses of Congress, and not by the President or the money trust, of which he, either as agent or head, is most active in defending.

Resolved, That we charge President Cleveland with violating every promise he made in favor of civil service reform, with crippling the mail services, with refusing to sign necessary bills for the improvement of rivers and harbors, with using the power of his Administration to prevent appropriations for a navy and coast defense, with attempting to destroy the protective tariff, with courting the good will of other nations at the expense of the citizens of the United States, and with joining the foreign bondholders to demonstrate the ruin and destruction of our country, and for the reduction of wages of the Mint employees at Carson for closing the Carson Mint when it was not only self sustaining but a source of revenue to the Government, for his contemptuous veto of pension bills for the relief of disabled soldiers and sailors, and for failing to construct the Government building at Carson as required.

Resolved, That we are in favor of the absolute exclusion of Chinese, and the restriction of immigration, by which the present overcharged condition of the labor market is made worse, and also favor legislation by which a revision of our naturalization and land laws may be accomplished.

Resolved, That we demand, in behalf of our various industries, the retention of duties on lead, borax, soda, silver and leather, and to restore the tariff of 1867 on wool.

Resolved, That we recognize the right of labor to organize for its lawful protection.

Resolved, That we favor the submission by the Legislature to the people of an amendment to the Constitution giving the Legislature the power to regulate the liquor traffic.

A RARE CHANCE FOR INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule. Facilities for irrigating surpass any in the State, and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools. The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.
